### Course Description:

**Noah's Flood** is one of the most well-known stories in Genesis, indeed of the Bible, and has even become part of our culture, but very few believe that it actually happened. Most reject it as a cute fairy tale or as simply beyond the realm of possibility. We constantly hear questions like, *"How could Noah have built such a large boat; where did all the water come from and how could there be room for all the animals?"*

**But the evidence** of its historical authenticity is overwhelming for those who are willing to see it.

**Simply put**, what we find in our world supports and confirms what we find in **God's Word**, strengthening and deepening our faith and confidence in Him.

**John Gould**

John has been a student of God's Word for many years and has a deep love and sense of awe for the Scriptures. He loves to share the truths of God's Word so that His people may grow in their love for their Saviour and live a faithful life of obedience unto Him.

John and his wife Joy are parents of four children and make their home in Stratford, Ontario.
