### Course Description:

Studying the entire Bible can be quite intimidating and overwhelming, simply because of its size and scope. We are familiar with various stories, events, and verses, but may be uncertain about how or if they all fit together.

This three-part seminar held on Monday evenings will walk us through all 66 books of the Bible, providing us with a brief overview of the content and message of each book and how they relate to one another.

Our goal is to become more familiar with the big picture and framework of the Bible so that we will be better equipped to study the details of God's Word.

**Don Nickel**

Don thoroughly enjoys studying the Word of God and loves to communicate its truths. His desire is to see people grow in their knowledge of God in order to experience His transforming power in their lives.

Don is happily married to his wife Moni, and they are blessed with three wonderful children. He has been a regular student at Solid Ground since 2011 and became a board member in 2017.
